It must be understood that Board Exams are totally offline and for this the students need practice in writing within a specified time limit. This practice can be given by the teachers in school. We can also identify and address learning gaps if the students attend offline classes.

All COVID-19 protocols are being followed in the school.

**Kindly note, it is optional for parents to send their ward to the school for these academic activities. In case a parent does not want to send their ward, they should take complete responsibility for preparing their ward for the upcoming practical examination scheduled to begin from Monday, 01 March 2021 and the Board Examinations, scheduled to begin from Tuesday, 04 May 2021.**

**The school will take all measures to ensure sanitization as per guidelines issued by DOE/CBSE.**

**Champions do not become champions when they win the event, but in the hours, weeks, months and years they spend preparing for it. So work hard, prepare well and stay calm.**
