

MARCH 2022 | ISSUE 1

# A very festive edition of The Student Gazette

While the Coronavirus Lockdown may as well be classified as a prolonged vacation in one way or another, the students of RBMHS haven't let the physical obstacles affect their mental exertions, be it May or August. Here are some of the major activities that the students participated in with utmost enthusiasm.

# Highlights of 2021

It's the perfect time to look back at our  
most memorable moments.

# January

## The Youth Parliament

RBMHS's debate dilettantes each set on a conquest to win the throne to triumph in their respective committees. This war of words was a two day event which included visits from prestigious alumni also.

The name for January comes from the Roman god, Janus, who is always depicted with two heads. He uses one head to look back on the year before, and the other head to look forward into the New Year!

## The Cultural Week

The annual inter-house three-day event was full of stupendous battles, astonishing teamwork and a multifarious display of elegance and adroitness. The rose house conquered the race to the finish line, claiming the insignia to the top.

# February

The odds of being born on February 29th are about 1 in 1,461. Those born on a leap day can be called a "leaper" or "leapling."

# March

## Achievers' Week

Commemorating the students' talents and achievements, light was shed upon the prizes RBMHS won in the past year..

Statistically, March is the most unproductive month of the year in the U.S. This is the result of "March Madness" which is the season of the NBA. Some companies lose up to \$1.9 billion in wages paid to workers who were not productive and instead spent company time on betting on NBA games.

# April

## The Earth Day

Promoting sustainable development and a healthy earth, saplings were planted by the little ones. Posters were drawn and hoardings put up to save water and mother earth.

Of course, one of the most well-known dates of April, is April Fools' Day on the 1st of the month.

No one is sure where this originated from, but some believe it to be inspired by Geoffrey Chaucer's story in "Canterbury Tales" called "Nun's Priest's Tale."

# May

## Summer Activities

An E- Summer Camp was held in which various activities like cloth folding, quick cooking, drawing and designing mazes. Dining etiquettes were also taught to incorporate values of cleanliness and responsibility..

**May is a pretty good month for US presidents. Every other month of the year, at least one US president has died, but never in May!**

# June

## Yoga Week

The agility of the body was met with the tranquility of mind through the medium of yoga. Several different postures and asanas were performed by the kids.

June has both the longest and the shortest days of the year, depending on where you're standing! If you live in the northern hemisphere, then June 21st is the longest day of the year. If you live in the southern hemisphere, then the 21st is the shortest day of the year.

# July

## Monsoon Drive Through

To break the isolation and loneliness of tiny tots, children were zealed to catch up with their peers and mentors in school which was flamboyantly decorated.

In early July, a period of time called the "dog days of summer" begins. Historically they were observed within Ancient Roman and Greek astrology and were connected with bad luck, mad dog attacks, unexpected thunderstorms, heat, and drought.

# August

## National Sports Day

Commemorating the birth anniversary of Major Dhyan Chand, the children were put on a fitness frenzy as they participated in an inter-house sports competition and quiz.

Augustus renamed the month of Sextilis because many of his greatest triumphs occurred during this month

# September

## Teachers Day

Teachers' Day was celebrated digitally glorifying the perseverance and tireless hard work of our teachers..

**This September "Harvest Moon" is the fullest moon of the year.**

**When you gaze at it, it looks very large and gives a lot of light throughout the entire night. No other lunar spectacle is as awesome as the Harvest Moon.**

## Diwali

The little Birlaites enthusiastically came dressed in traditional colourful attires according to the theme of Dandiya. They danced out their hearts to the zenith with their pals.

**People born in October are more likely to live to the age of a 100.. One possible reason advanced is that they were likely not exposed to the seasonal infections or seasonal vitamin deficiency early in life.**

# October

# November

## NCC Camp

The NCC cadets finally displayed their impeccable skills through a fine display of marching, dances, and songs. A bonfire was also lit to end the solemn day.

The Full moon in November is traditionally called the Beaver Moon in the US. The tradition goes back to North America's early colonial years, as it was during this time of year that hunters would set their beaver traps for the last time before the lakes and water sources they lived in froze over.

# December

## Christmas Celebration

The bells were jingling and the candy canes put up high. The christmas tree was the star of the show, with students and teachers gathered around it, dressed in red and white.

More drivers are breathalyzed during December than in any month. It is also the worst month for road deaths.

## The Time for a Tweak

*You lie in the darkness, you tried, yet here  
you are wounded and injured;  
There is no one around to give you a hand,  
to help you up, your screams of pain and  
helplessness cannot be heard.*

*No, you have to do this alone for life is not  
always fair my dear;  
And it is high time that you fought against  
your fears.*

*It's time to face the reality, to know that  
beneath the society's veil of kindness and  
generosity;  
Lies a snake coiled ready to unleash its  
venomous monstrosity.*

*You possess the power to rise from ashes  
for you are strong;  
This society might unnerve you, leave you  
perturbed but you are intransigent, you  
are going to prove them all wrong.*

*You have fought your own battles, driven  
away your inner demons, you've been  
stranded and rendered powerless yet  
you've emerged victorious from all;  
Now comes the time for you to take the  
leap, assist the battles of not just yourself  
but others, to stand up and rise, guide the  
brethren towards the path of  
perseverance and soften their fall.*

## *New Beginnings*

***'Look deep into nature and then you will understand everything better.'***  
**- Albert Einstein.**

***Autumn shows how beautiful it is to let things go, to take a step and spring is not far behind. The whole planet reboots itself at new year, making new resolutions and changes. Every second gives a new chance. If you fail once, start again with positive thoughts and expectations, but don't stop. You can craft new books in your life and you can be the creator of wonderful new adventures. Release the heaviness of the past and soothe your nerves. A little change can turn the wind in your favor, as you know if winter comes can spring be far behind?***

***The days are long but the years are short. Your time is limited. Forget the former things, stop dwelling on the past. Heading towards a new beginning is the way of life. The old has gone, the new is here! There it is, beneath the mirror. Put off your old self which is being corrupted by its deceitful desires. Make new attitudes of your mind and put on the new self. What matters? How you messed up yesterday doesn't matter. Your Mistakes of tomorrow don't matter. You are a new creation today, that is what counts. There are new hopes. New beginnings. New mercies, newness of life forevermore.***
